

## Necta Korinto Prime Coffee Machine

*(Large Offices)*

### Coffee Machine Description

The Necta Korinto Prime is an elegantly designed coffee machine that produces great coffee from freshly ground coffee beans at the push of a button. The automatic cappuccintore makes perfectly foamed milk for cappuccino, flat white or latte. Its higher capacity and quality components make the Korinto Prime perfect for larger environments including hotel, B&Bs, clubs and large offices.

### Coffee Machine Features

- Fully automatic 'bean to cup' espresso machine
- One touch operation for all drinks
- Makes approx 100-150 cups before requiring refill-
