

## Necta Koro Coffee Machine

*(Medium Offices)*

### Coffee Machine Description

The Necta Koro coffee machine creates a full-bodied espresso from freshly ground beans at the press of a button using Necta's patented coffee group developed over 40 years. The automatic cappuccintore makes perfectly foamed milk making it easy for anyone to create a great cappuccino, flat white or latte.

Suited to medium size workplaces, the Italian built Koro is a stylish yet powerful coffee machine with quality components giving a consistent result every time.
